

# Second circular IWTRC

The First International Workshop of the Typhoon Science and Technology Research Center (IWTRC) will take place at the Education and Culture Hall at Yokohama National University (YNU), Yokohama, Japan on November 8-9, 2023. This event marks the first international workshop organized by the Center. The workshop will be conducted exclusively in person, with video recordings made available at a later date. The primary focus of the first IWTRC will be on typhoon dynamics and mechanisms.

## The **1**<sup>st</sup> International Workshop of the **Typhoon** Science and Technology Research Center

The registration fee is **free for students** and 5,000 JPY for other participants. Authors wish to present a paper or poster are kindly submit an abstract no longer than one page (A4 size) by September 30. For limited number of **Asian students** who will present in this workshop and have an interest to study in TRC/Japan or conduct a joint research with Japanese, **full travel support can be provided**. Please send your e-mail to our secretariat (e-mail: iwtrc-info@ynu.ac.jp). More information will be available on the below web-page .

**November 8-9, 2023 on-site**  
**Yokohama National University, Japan**  
**<https://trc.ynu.ac.jp/IWTRC/>**

## The workshop will aim to achieve three important objectives:

1. To provide keynote lectures on state-of-the-art knowledge and scientific inquiries by three prominent researchers (90-min. each):
  - **Prof. Kerry A. Emanuel**
  - **Prof. Yuqing Wang**
  - **Prof. Chun-Chieh Wu**
2. To create a forum for Asian typhoon researchers, particularly the younger generation, to receive comments and feedback on their ideas and findings from the participants, including the aforementioned three distinguished researchers.
3. To introduce past and present activities of the TRC and to discuss its future plans.

### IMPORTANT DATES

**Registration: From July 20 to September 6, 2023**

**Register now! It may be closed earlier if registered participants exceed the venue capacity.**

**Abstract Submission: From July 20 to September 30, 2023**

The First IWTRC will be hosted by the TRC, YNU and organized by the following Committees.

#### **International Scientific Committee (ISC)**

Chair: Hironori Fudeyasu (YNU)

Vice-Chair: Masaki Satoh (UT), Kazuhisa Tsuboki (YNU/NU), Nobuhito Mori (KU)

Member: Kerry A. Emanuel (MIT), Yuqing Wang (UH), Chun-Chieh Wu (NTU)

#### **Local Scientific and Organizing Committee (LSOC)**

Chair: Jun Matsumoto (TMU/YNU)

Vice-Chair: Kosuke Ito (KU), Ryuji Yoshida (YNU)

Member: Takeshi Horinouchi (HU), Masuo Nakano (JAMSTEC),

Udai Shimada (MRI), Hiroyuki Yamada (UR)

Secretariat: Masayoshi Okumura, Takafumi Yamamuro, Harue Kikkawa (YNU)
